For UPSC CSE 2021-22 (July Batch)

History undoubtedly remains one of the 'most popular' subjects both in Prelims as well as in Mains of UPSC CSE and other State PCS exams. Considering its weightage, JV's IAS Comprehensive History Course ensures that its students understand the subject well through in-depth analysis. The course discusses the most important topics from the Prehistoric era till India got Independence in 1947 dealing with each and every topic in an elucidate manner. This course covers all sections of History comprehensively.

Indian history can be divided into 3 major parts. It begins with the birth of the Indus Valley Civilization, then moving towards the medieval history of India which is renowned for deriving a lot of its character from Islamic kingdoms. At last, comes Modern History in which during the late 16th and the 17th Centuries, the European trading companies in India competed with each other ferociously. By the last quarter of the 18th Century, the English had outdone all others and established themselves as the dominant power in India.
